3. SHELL - Brush on the shimmer light brown (“pink-tint” in video) color to the crease of the eyelid from the outer corner to the eye duct
4. BOURDEAUX – Brush maroon color from outer corner to center in the crease
5. SERENE - Brush shimmer medium brown color and with a brush
6. RAVEN - Brush the charcoal color on from the outer corner to the center, lighter towards the center
7. SERENE – You can do another layer by dabbing it over the black that you just applied

## NOTE FOR ALL PARENTS AND DANCERS

---

As proud DDH Dancers & Parents we always want to represent our studio and dancers as best we can. So remember to always be respectful of the facilities we use and the people around us at competitions and recital. Remember to be kind to other studios and always be great role models for those around us. Be mindful of your actions and words when we attend Dance Competitions. We are not there to judge other dancers or studios, we are simply there to:

- 1 - Give it our all (aka kick some booty)
- 2 - Support ALL dancers
- 3 - Have fun while doing it!

**Competition dancers arrive at least an hour and a half before scheduled time with hair and makeup done! Competitions tend to go off schedule. Be sure you all are prepared with makeup, hair and everything listed on the checklists. Lastly, feel free to wear your DDH apparel to both competitions & recital. Thank you =D**
